

FIAS CALL FOR APPLICATIONS 2023/2024

The French Institutes for Advanced Study Fellowship Programme offers 10-month fellowships in the six Institutes of Loire Valley (Orléans-Tours), Lyon, Marseille, Montpellier, Nantes and Paris. It welcomes applications from high-level international scholars and scientists develop their innovative research project in France.

The call is open to all disciplines in the social sciences and the humanities (SSH) and all research fields. Research projects in other sciences and in arts that propose a strong interaction and dialogue with the SSH are also eligible. **Some host IAS have scientific priorities that need to be taken into full consideration before applying.**

The FIAS fellows will be free to organize their research while benefiting from the support and conducive scientific environment offered by the IAS characterised by a multidisciplinary cohort of fellows and by close relation to the local research centres and laboratories.

CONDITIONS

All IAS have agreed on common standards, including the provision of a living allowance (2,700€ per month), social security coverage, accommodation, a research budget, plus coverage of travel expenses.

ELIGIBILITY

FIAS awards fellowships to outstanding researchers of all career levels, from postdoctoral researchers to senior scientists. The minimum requirement is a PhD + 2 years of research experience at the time of the application. Exceptions will be made for scholars with a Master + 6 years of full-time research experience after the degree (PhD training will not be considered in the calculation of experience).

Researchers from all countries are eligible to the FIAS Fellowship Programme but they must have spent no more than 12 months in France during the three years prior to the application deadline.

APPLICATION

Applications are submitted online via www.fias-fp.eu where you will find detailed information regarding the content of the application, eligibility criteria and selection procedure.

Application deadline: June 2, 2022 - 6:00 pm (Paris, France time)

SELECTION

The scientific selection is highly competitive, merit-based and conducted through an international independent peer review.

- July - October 2022: Double peer review
- November 2022: Shortlist by the FIAS Selection Committee
- January - February 2023: Selection by IAS Scientific Advisory Boards
- March 2023: Communication of results
