

LE STUDIUM CONFERENCES

Prof. Dr. Markus Amann

International Institute for Applied Systems Analysis (IIASA), Laxenburg - Austria

Director of the Air Quality and Greenhouse Gases (AIR) program at the International Institute for Applied Systems Analysis (IIASA), Laxenburg, Austria and co-leader of IIASA's Greenhouse Gas Initiative. He also serves as the head of the Centre for Integrated Assessment Modelling (CIAM) of the European Monitoring and Evaluation Programme (EMEP) under the Convention on Long Range Transboundary Air Pollution (CLRTAP).

His research interests include the interface between science and policy and methods for the integrated assessment of environmental issues.

Currently, he is coordinating the policy analyses on cost-effective emission control strategies for the clean air and climate policy proposals of the European Commission and the Convention on Long range Transboundary Air Pollution. He has been appointed to the Scientific Advisory Panel of the Climate and Clean Air Coalition (CCAC) and the Climate and Clean Air Commission of the Austrian Academy of Sciences. He is a member of the Editorial Board of "Environmental Modelling and Software" and lead author for the Working Group III report of the Fourth Assessment Report of the Intergovernmental Panel on Climate Change (IPCC). Under his leadership, the RAINS integrated assessment model for air pollution was developed and implemented for Europe and Southeast Asia.
